## Treasurer's Report:

Senate	\$851
Executive	\$8.39
CDF	\$2,200
LDF	\$588

### A&P Committee/CDF Requests/LDF Requests:

- Campus Ministry requested \$1,500 for Faith Fest. Faith Fest is a weekend opportunity for middle school students from the area to come to Augustana to grow in faith.
- A&P recommends providing full \$1500.
- Megan Raposa moved to provide full \$1500 to Campus Ministry for Faith Fest from the CDF Fund. Jesse Fonkert seconded the motion. Motion passed 20 yea, 1 nay, 5 abstained. President Thad Tiltze vetoed the motion due to a senate misunderstanding.
- Amanda Johnson moved to take \$1500 from the General Fund for Faith Fest. Seth Vogelsang seconded the motion. The motion passed 21 yea, 0 nay, 5 abstained.

### P&D Committee:

Bone Marrow Registry is currently at campus. They set a goal of reaching 50 donors and today they received 54 donors. YAY AUGIE!!

### Co-Curriculum Committee:

- The Dining Services survey was distributed to students. The survey found that students are overall satisfied with the meal plan. Cost satisfaction is up this year. Environment in the commons is satisfactory around 87%. The customer service was astronomically high with 98% approval. This is an increase from previous years. The quality of food had an 89% positive feedback that is up 13% from the previous year. Freshman and sophomores are the happiest with the meal plan, while juniors are least satisfied.

- The Senate discussed the current student make-up of the Dining Services task force. Are there people with dietary restraints on the task force? Did Craig pick the people on task force? No, the Senate chose the individuals who are currently on the task force.
- The Senate discussed the survey method and questioned if there are alternative ways to poll the students. We want a survey that is tailored to Augustana directly and that asks questions that are specifically pertinent to Augie.
- The number of senators who believed the meal plan survey was biased is 21 yes to 1 no.
- The Senators believed that the questions were too general and that the survey provided no neutral answers. The questions were also not pertinent to Augie. Jay and Craig stood over students' shoulders as they were taking the survey hassling individuals. The placement of the survey and candy incentive leads to skewed results. Craig claimed that there was a cap for students taking the survey. The survey needs to be related more towards Augustana rather than providing general questions.
- The comments from the task force are believed to be unheard. Students feel that their comments are being swept under rug. People believe that the positive comments are addressed more than the negative comments.
- Senators are to email issues to Thad in the next two days so they can be presented directly to Craig and Corey.

### **President and Vice-President Report**

The Chris Martinez donation was sent totaling over \$2000. The family was very thankful for the donation.

The senate family picture has been updated in the office and candy has been placed in the candy bowl.
